

RadiantHealth
Saunas

far infrared saunas

Relaxation

Far Infrared shines your skin, giving you a wonderful natural warmth for your complete relaxation.

Detoxification

A natural resonance brings the detoxification of the body from heavy metals including mercury, lead, cadmium and aluminium at the cellular level.

Pain Relief

Far Infrared penetrates deeply into joints, muscles and tissues to provide relief to patients suffering from arthritis, chronic fatigue syndrome, fibro myalgia and certain skin conditions.

Skin Purification

Far Infrared helps to clean up cellulite and scars, removes roughness, leaving skin baby smooth and soft again.

Weight Loss

Far Infrared raises core body temperature causing the lower perspiration temperature, which burns more calories.

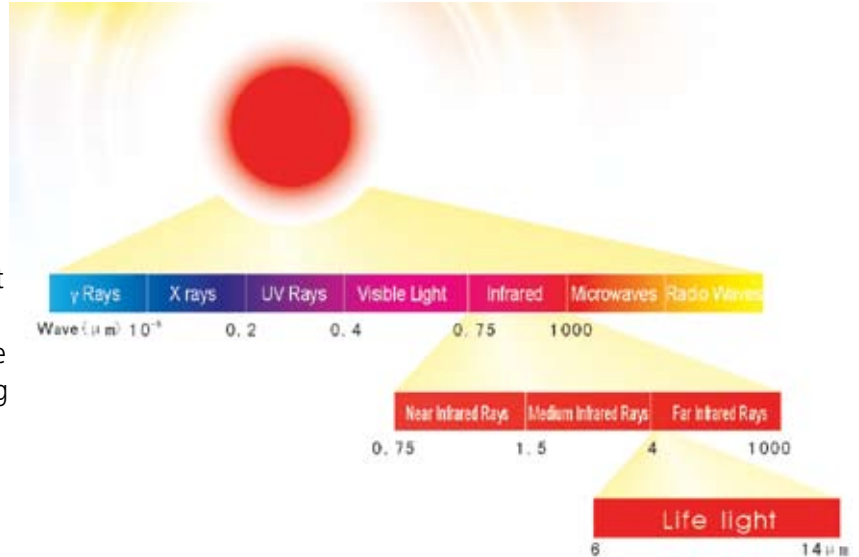

Lower Blood Pressure

Lower blood pressure by resonating with your blood. Far Infrared can improve your blood circulation and strengthen the cardiovascular system with deep Far Infrared penetration.

The Light of Life – Far Infrared

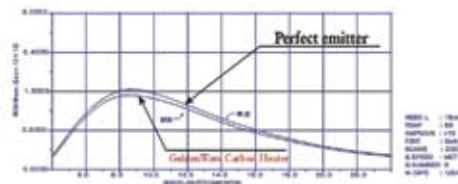

Far Infrared light makes up part of the Dunis invisible spectrum of light waves that are essential for all living creatures. The optimal micron output range is between 7 to 14 microns which is close to the resonant frequency of a water molecule. Since humane bodies are almost 70% water, Far Infrared light also called “Vital Light” and can penetrate humane tissue, increase core body temperature and cause activation of thermal energy creating a sensation of heat.

Radiant Health Carbon Heater design allows for better performance well within this vital wave range of 7 to 14 microns with a good portion of wavelengths at 9.4, which is the frequency at which a water molecule resonates. Radiant Health utilizes Nano technology to impregnate carbon ink into a fibre glass sheet and produces Radiant Health Carbon heat, thereby making Radiant Health Carbon Heater the perfect emitter and highly resistant to acidic reaction and vibration. We are the first manufacturer in the world to gain patent approval to produce a Far infrared Carbon Heater utilizing nano technology.

Lab Report

The Radiant Health Carbon Heater used in this product was tested by the National Taiwan normal University Physics Department Far Infrared Lab and the Japan Osaka Far Infrared Ray Applied Association Lab test approval, Far Infrared ray is close to perfection for human body and its influence is the most absolute and can not be compared wit other similar unapproved products.

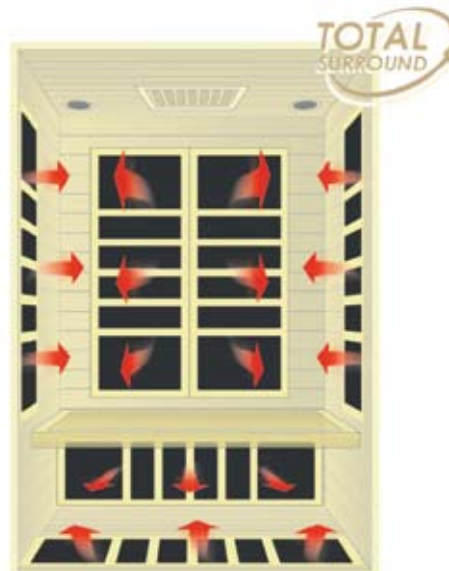

Increases Core Body Temperature

The Radiant Health Sauna offers luxury treatment within the largest heating area

In order to heat every inch of your body and offer you a luxury environment with fully heated energy atmosphere, we create a “Total surrounding area” by installing our carbon heaters. The heating area can be as wide as 624 square feet and it is 6 to 100 times more effective than other traditional saunas.

production

GD-200SB/C

Size 1 person
 Dimensions (W)113.5cm, (D) 105.5cm, (H) 193cm
 Weight Basewood: 202.2kg. Cedar: 165.2kg
 Heaters 5pcs
 Power AC 220V / 6.36A, 1400W

GD-300B/C

Size 3 person
 Dimensions (W)161cm, (D) 130cm, (H) 193cm
 Weight Basewood: 202.2kg. Cedar: 165.2kg
 Heaters 8pcs
 Power AC 220V / 8.36A, 1840W

GD-450B/C

Size 4 person
 Dimensions (W)168cm, (D) 168cm, (H) 193cm
 Weight Basewood: 233.9kg. Cedar: 206.3kg
 Heaters 10pcs
 Power AC 220V / 9.65A, 2125W

GD-200B/C

Size 1 person
 Dimensions (W)113.5cm, (D) 105.5cm, (H) 193cm
 Weight Basewood: 202.2kg. Cedar: 165.2kg
 Heaters 5pcs
 Power AC 220V / 6.36A, 1400W

GD-600B/C

Size 6 person
 Dimensions (W) 216cm, (D) 160cm, (H) 193cm
 Weight Basewood: 285.9kg. Cedar: 252.5kg
 Heaters 10pcs
 Power AC 220V / 10.9A, 2400W

the unique design

Programmable Timer

Larger Interior Space

Exclusive Design

Easy Assembly

Portable Backrests

Bench Heaters and Floor Heater

Premium Wood Choices

Cedar is the traditional choice of sauna; for decades, our Canadian cedar will soften your senses and create a natural fragrance for your sauna therapy.

Hypoallergenic Basswood

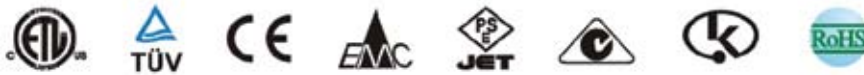

Basswood is used by beekeepers because of its firm and odor-free hypoallergenic properties.

Perspective drawing of GoldenWave Sauna

	GoldenWave Carbon Heater	Traditional heaters	RadBoost heaters	Traditional heaters
Heating source				
Power	1822W	1800-1800w	1800-2300w	1400-1700w
Heater number	6PCS	5PCS	4PCS	2x2PCS
Specification	700mm x 117mm	875mm x 117mm x 115mm	875mm x 117mm x 115mm	700mm x 117mm x 115mm
highest temperature on surface	75°C and below	190°C	630°C	650°C
Heating area for the whole sauna	24676cm ²	4320cm ² (5 Times)	488cm ² (35 Times)	372cm ² (About 192 Times)

We have got many certifications for safety and environment protection, such as CMA, CE, EMC, GS, ETL/CETL, PSE, EK and RoHS.

Certification

The certification is applicable in Taiwan, United States, Canada, China, Korea, Australia, Japan, Kuwait, Malaysia, Thailand, India, Russia and the 36 European Union countries.

China Germany Australia Mexico Japan Korea Thailand Singapore

Patent

The product has been patented in Japan, Germany, Australia, Korea, China, Mexico, Thailand and Singapore.

Meta Chamber and Meta Pad

Aesthetically pleasing

Wooden control box has a classic look of elegance. The cream leather exterior gives a pleasant feeling of comfort and value.

Easy to store

The lower dome slides under the upper dome to reduce the size by one half. The accessories can be placed inside the dome and the entire unit can be placed in the corner of the room. Use as a table or store it in the closet.

Features

The timer tells you when your session is up, and can be set up to 60 minutes. Temperature can be controlled separately for the upper and lower domes. Each dome can be set from low to high. Our super Far Infrared carbon heaters cover the entire interior surface of the domes.

Specifications

Pad dimensions: 180cm Length x 70cm wide
x 4cm thick

Controller dimensions: 13.5cm length x 6cm wide
x 4cm thick

Weight: 4.5kg

Electrical: Voltage 100 - 120V or 220 - 240V,
50/60Hz Power 380W max

- Incorporates Far Infrared carbon heaters
- Far Infrared emissivity at 95% from 4 - 20 microns
- Offers flexible timer control from 5 minutes to 12 hours
- Emits Far Infrared from its entire surface area
- Uses comfortable and sanitary, breathable and waterproof material
- Designed for the discerning customer of the future.
